

Hello our names are Harper, Levi, and Kole also known as the Robo Saints. We are all sixth graders from Saint Elizabeth Ann Seton Middle School in Traverse City, MI and we all agreed to do robotics together this year. At first, we just did robotics for fun. Then we built a new robot and got a lot better, so we decided to set a goal for States. However, we have surpassed our goal and have made it to WORLDS. We are all super excited about this because we will get to meet teams from other countries, see other robot designs etc. This year Worlds is May 8<sup>th</sup> – 10<sup>th</sup> in Dallas, Texas. If you are interested in helping us out financially with our travel and other expenses, we would be very appreciative.

*“Start by doing what is necessary; then do what’s possible; and suddenly you are doing the impossible.” - St. Francis of Assisi*

*“One who makes no mistakes, makes nothing.” - St. Teresa of Avila*
